

## Poodles Noël Harlequin Cozy Quilt

*Imagine cuddling under this bright and happy lap quilt during those cold winter nights. Make a matching pillow for snoozing on the sofa in front of the fireplace. Snowflakes and poodles with antlers will brighten your days and chase away the winter doldrums.*

**Finished size:** 52 1/2" x 64 1/2"

**Finished diamond block size:** 7" x 9"

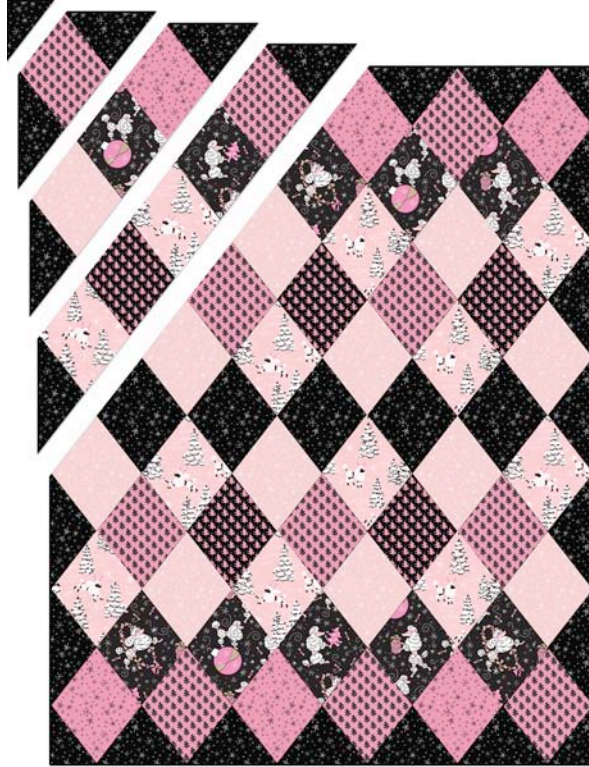

### **Materials & Cutting Instructions**

(Use the diamond templates A, B, C, D and Dr provided to cut blocks for quilt center. When cutting the partial diamond shapes, be sure to keep the outside edges on the straight of grain.)

### **Sewing Instructions**

**Note:** *Handle the diamonds carefully when piecing, as all outside edges are on the bias.*  
1. Sew the various diamonds and partial diamonds into diagonal rows, following the quilt layout diagram, pressing seams in opposite directions in alternating rows.

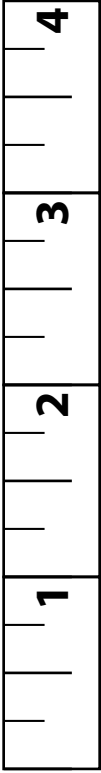

2. Sew the rows together to create the quilt top, as shown and press.
3. Sew eight Poodle Noël Plaid 5 1/4" squares together with nine Poodle Noël Beads 2 1/2" x 5 1/4" strips to create a side border. Repeat to make the second side and stitch to the quilt top. If the border needs to be adjusted slightly, increase the seam allowance by 1/8" and ease to fit.
4. Sew eight Poodle Noël Plaid squares together with seven Poodle Noël Beads strips for each of the top and bottom borders and attach to the quilt.
5. Trim the Poodle Panel to 42" x 58".

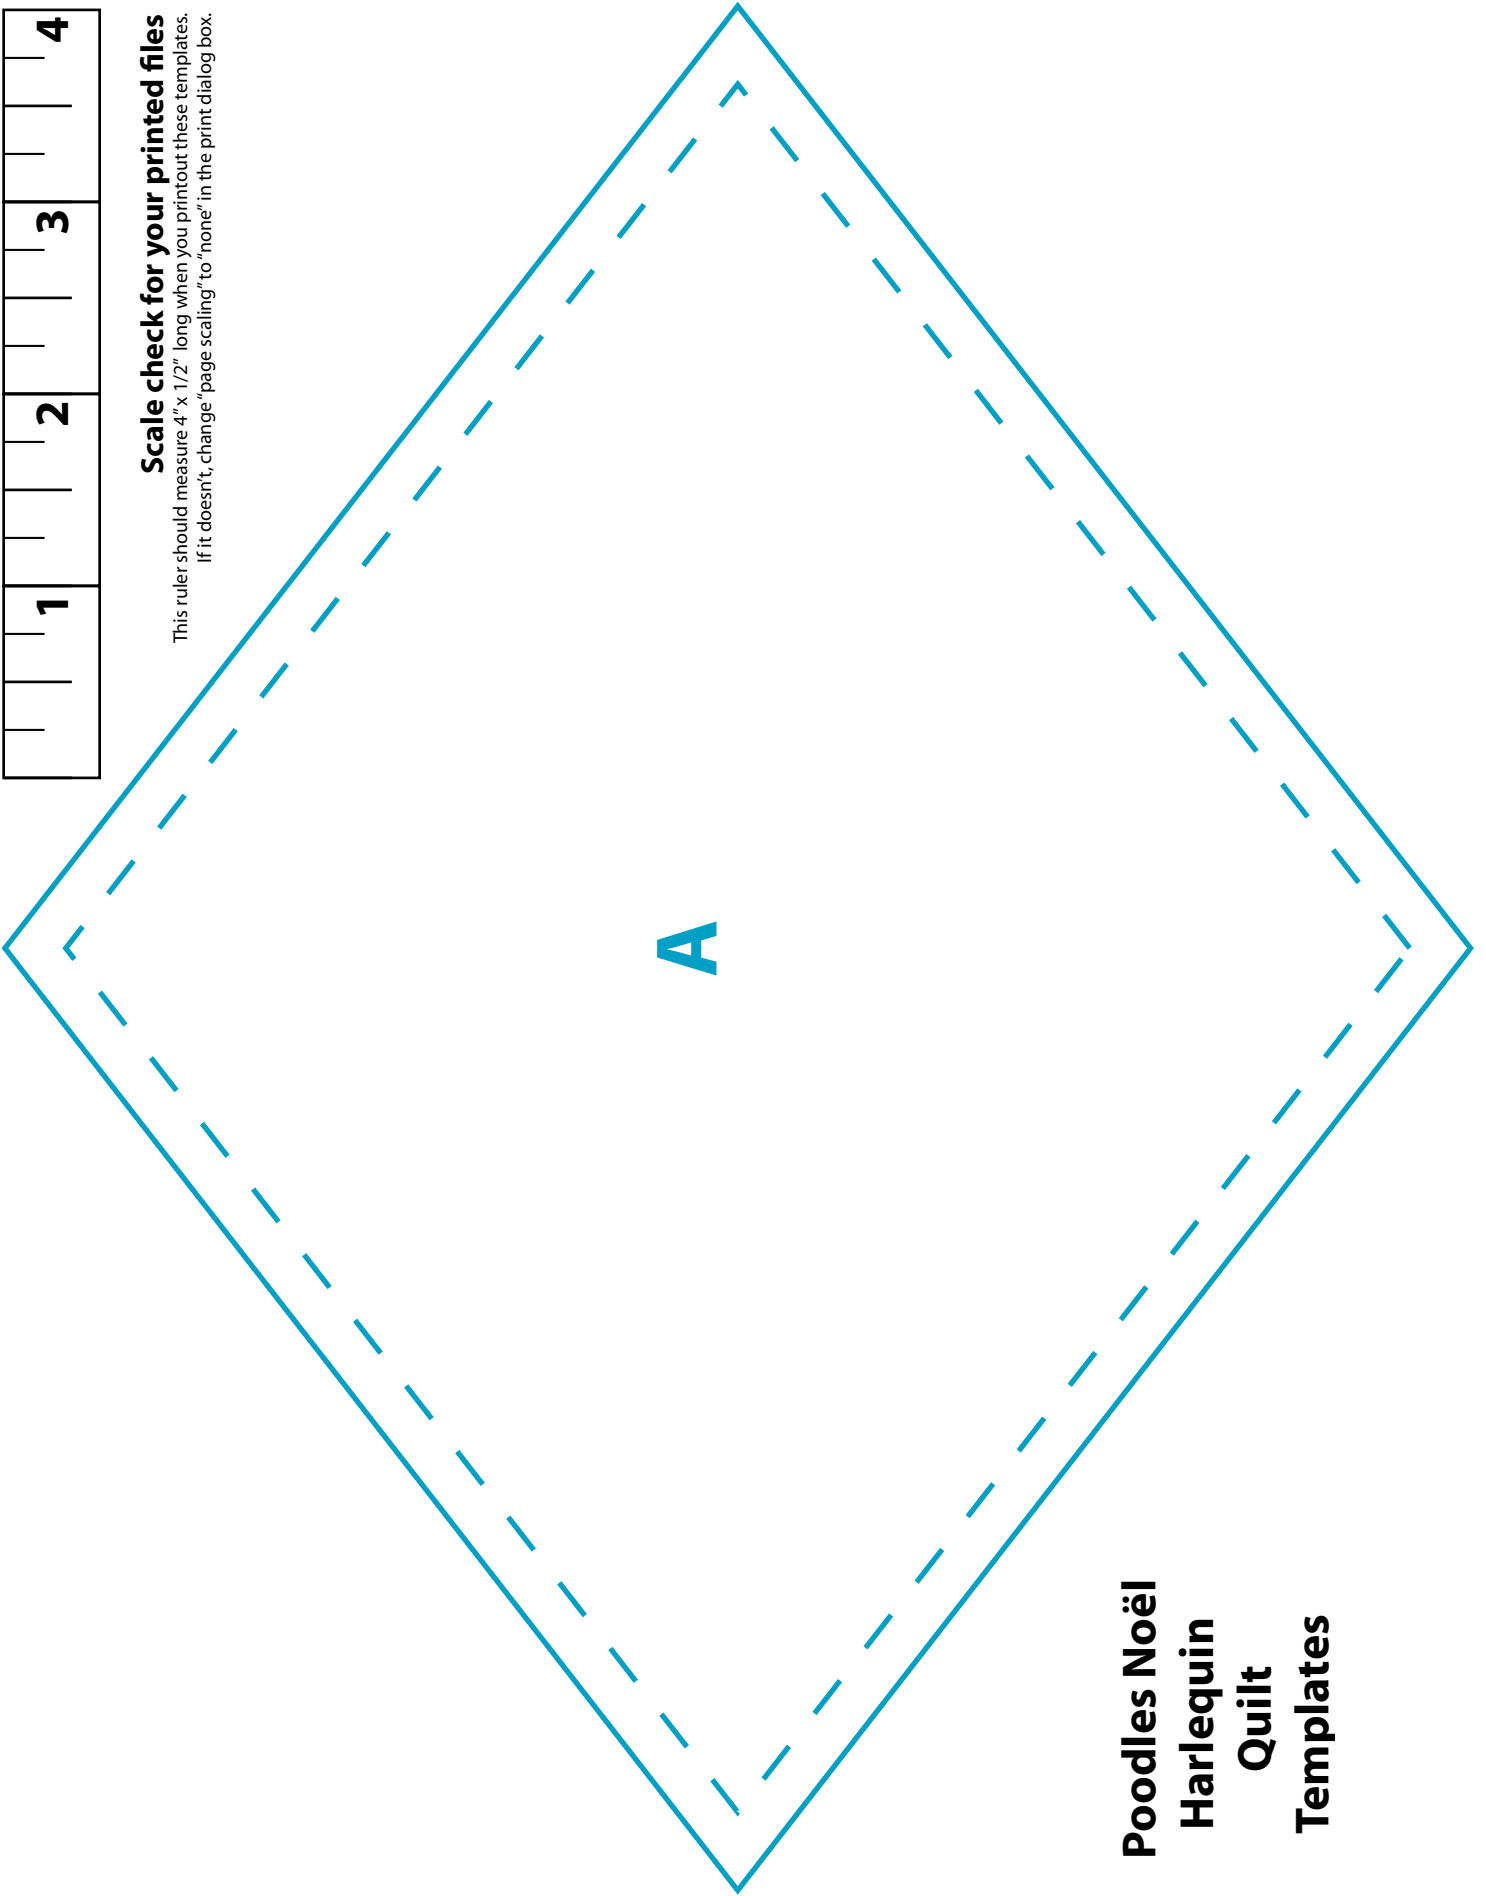

### Quilt Back

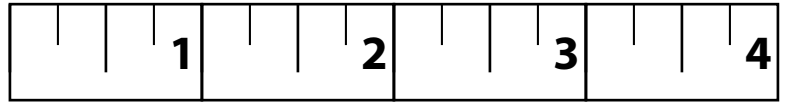

6. Sew two 7" x 58" strips onto either side of the panel, referring to the quilt back diagram.
7. Attach the 4" x 56" strips to the top and bottom.
8. Layer with backing and batting and quilt as desired. We quilted this piece in curved lines around the diamond seams, creating an elongated "orange peel" design.
9. Trim the excess batting and backing and bind with the 2" Little Trees strips.
