### Placemats

1. Cut the poodle panels apart carefully along the dividing lines. Leave the outside border print on the outside squares.

2. Sew one of the 4" x 11 1/2" strips on the opposite edge of the outside panel squares, creating a second side border. Repeat with the other three outside panel squares.
3. Sew one of the 3 1/2" x 11 1/2" strips on one side of the remaining center panel squares and the 4" x 11 1/2" strips on the other side.
4. Layer with batting and backing and quilt as desired.
5. Bind with the 2" Poodle Bead strips.

### Napkins

1. Layer the 18" squares, right sides together in pairs and sew around all outside edges, leaving an opening to turn.
2. Turn to the right side and press the open edge in 1/4" and press around all outside edges. Edge stitch around all outside edges to secure. Mix and match the prints to create a variety of reversible napkins.
